

## **Newsletter – 24 February 2025**

Dear Customer and Prospective Customer,

We have unfortunately experienced a number of incidents that give rise to this newsletter. The purpose is to clarify matters regarding our company and clearly state which companies are – and are not – part of Homie Håndværkerservice ApS.

### **Regarding Homie Håndværkerservice Jylland ApS**

At the end of 2024, the company **Homie Håndværkerservice Jylland ApS (CVR no. 44990458)** was established. This was an independent company and was not part of **Homie Håndværkerservice ApS (CVR no. 41208546)**.

An agreement was entered into whereby Homie Håndværkerservice Jylland ApS paid a monthly fee to use the contact form on our website. Inquiries regarding projects in Jutland were therefore automatically forwarded to this company.

This was the only connection between the two companies.

At the end of 2025, Homie Håndværkerservice Jylland ApS was declared bankrupt. This is, of course, regrettable; however, the bankruptcy and any related obligations concern that company alone and are not the responsibility of Homie Håndværkerservice ApS.

As a result, the forwarding of inquiries concerning Jutland has been discontinued. Such inquiries are now simply archived, as **Homie Håndværkerservice ApS exclusively carries out projects east of the Great Belt (Storebælt)**.

### **Regarding Homie Håndværkerservice Vest ApS**

We have also become aware that a company named **Homie Håndværkerservice Vest ApS (CVR no. 45977196)** has been established.

This company has never been – and will never be – part of Homie Håndværkerservice ApS.

We have been informed that, in some cases, references have been made to our contact details in connection with this company. This is incorrect. If you have entered into an agreement with Homie Håndværkerservice Vest ApS, you must contact them directly. Using our email address or telephone number will not result in case handling, as we have no knowledge of or affiliation with this company.

---

### **Final Remarks**

We sincerely regret any inconvenience or negative experiences customers in Jutland may have had in connection with the above-mentioned companies. However, it is important for us to emphasize that we are not – and have never been – actively involved in operations in Jutland.

We hope this newsletter helps clarify the situation and removes any uncertainty.

Kind regards,

**Homie Håndværkerservice ApS**

Nicolai Huusfeldt  
Managing Director
